FFA Ag Mechanics Exhibits – Judging Criteria

- Practicality (usefulness, educational value) 35%
- Quality of Workmanship (design, neatness, safety) 35%
- Amount of Work (size of job, level or difficulty) 30%

Judging and Award Information

1. To Encourage High Standards: The judge shall award first, second, or third place, according to merit.
2. System of judging used in the FFA Ag Mechanics Competition:
 - Danish System: Used in the basic evaluation of exhibits in classes 1-5. Each entry is judged on its own merit. Entries are placed first (90% or better), second (89%-80%) and third (79% or lower) depending upon points received on the score card.
 - FirstScore or 90 to 100
 - SecondScore of 80 to 89
 - ThirdScore of 70 to 79
3. Ribbons: Tulelake-Butte Valley Fair ribbons will be awarded for all entries placing first, second and third.
4. Best of Class – Additional First Place Rosette: These awards will be based on points earned. There will be no more than one best of class chosen for each class. All first place winners will be considered for the Best of Class. In the event of a tie the Ag Mechanics Competition Judge will choose their winner of the class.
5. Best of Show - Award - This award will be based on points earned. There will be one Best of Show chosen for the entire competition (classes 1-5).
